Reply to the objection.

Item No. 63: It is entirely incorrect to say that the construction of the well was abandoned "owing to inordinate delay". The records show that several attempts were made to select a new site for a well both by the Engineering Department as well as by the Health Department with the result that it was found that the whole locality had a substratum of sheet-rock above the level of which there were no springs of ^{water} strong enough to give reasonable hopes of sufficient drinking water. The former well pit too had to be abandoned because of the sheetrock met with and also of the collapse of the sides of the well forming big and threatening cavities all round. Dynamite was secured after prolonged correspondence but no contractor was willing to use it in this awful pit with dangerous and threatening cavities all round. It was therefore on account of the extraordinary conditions met with in the locality that the well work had to be abandoned and not on account of delay.

The reason stated for the recovery is thus baseless and fails completely. No refund can therefore be claimed on this ground. The objection therefore may be removed.

President,
S.K. District Board.

Grant. Gerdhamat or Irregular withdrawal
1932-33.

The P.D.B, S. Kanara has given a
reply to the objection raised ^{to the withdrawal} in item 63
(item 63) of the statement for 1932-33. He says that
the construction of the ^{the} Midgal well was
not abandoned "owing to inordinate delay".
A suitable site for the well ^{could} ~~was~~ not to be found,
because of the locality had a substratum
of shot-rock, and the former well pit too
was abandoned because of the shot rock
the reluctance of Contractors to blast further in a well
having ~~and~~ the canopies on its sides. The Examiner
& Fin may be consulted w.o. to offer his remarks
as to whether the objection may be
dropped under the circumstances stated by
the P.D.B.

The work which was begun in March 1932 was finally decided to be abandoned in October 1932. No work would appear to have been done since March 1930. The materials supplied by the contractor to the value of Rs.273-14-0 were sold in auction for Rs.42-4-0 and a moiety of the sale proceeds has not been credited to Government. The District Board Engineer in his R.C.C.No.457/D.E.32, dated the 30th October 1933 has further passed orders making the contractor responsible for the loss of Rupees Rs.14-0 caused to the Board on account of his neglect. The correspondence relating to this recovery is reported to be still open. Provided half the realisations under these two items of recoveries are duly credited to Government the recovery of the balance of amount drawn in respect of the work may be waived by Government in the circumstances reported by the President.

Order Ms. No. 2574, dated 2/10/1925.

The P. D. B. South
Kanara reports the circumstances
in which the well work at
Nidgal was abandoned and
requests Govt to drop the
objection in regard to the Govt.
grant drawn for the work.
The Examiner ^{J. F. A.} ~~now~~ reports
that certain materials supplied
by the contractor to the value
of Rs 273-14-0 ~~have~~ since been
sold in auction for Rs 42-4-0
and that a moiety of the
sale proceeds has not been
credited to Govt. It is

also reported that the
S.B.E. in his ^{Proc.} ROC No. 457 DE/32

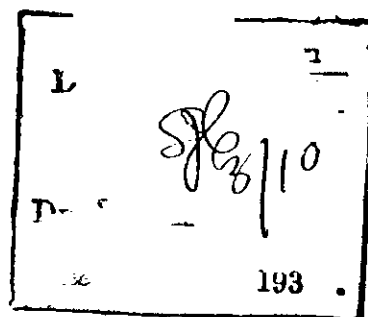

30-X-33 passed orders making
—contractor responsible

For a loss of Rs 134-14-0 caused
to the Bd. on account of his
neglect and ^{that} the correspondence
relating to this recovery is
stated to be still open.

In the above circumstances
the Govt. ^{are prepared to} ~~will have~~ drop
the objection relating to
the drawal of grant for
the said work, provided that one
half of the ~~amount to~~ realisations under
the two items of recoveries
mentioned above are duly
credited to Govt.
